About iolo

iolo develops patented technology and award-winning software that repairs, optimizes, and protects computers, to maximize system speed and performance while keeping them safe. With a global presence in 33 countries and products in 11 languages, tens of millions of people have used iolo's products for their PC optimization, security, and data recovery needs for over two decades.

The company's product line, distinguished by its flagship performance optimization suite System Mechanic®, is sold throughout the world at over 20,000 retail storefronts including Best Buy and Office Depot, and can be purchased from leading major e-tailers such as Amazon. The products are also sold at a multitude of domestic and international distributors and resellers.

Headquartered in Pasadena, California, and a part of RealDefense LLC, iolo is widely recognized by both consumers and industry experts as a worldwide leader in the system utility software market.

System Mechanic® Ultimate Defense™

Total Performance, Protection & Privacy For Your Digital Life

- ✓ Optimize PC speed
- ✓ Block and remove malware
- ✓ Recover irreplaceable files
- ✓ Permanently delete sensitive data
- ✓ Shield your online habits from spying eyes
- ✓ Thwart personal data collection
- ✓ Search privately
- ✓ Secure and manage all your passwords

There are a frightening number of security and performance vulnerabilities in modern computing as methods for stealing your data, hacking your PC or bogging you down in bloatware, spam and pop-up ads grow more sophisticated every minute.

System Mechanic Ultimate Defense builds on the PC performance foundation of System Mechanic, adds the real-time AV and data protection features of System Mechanic Pro, plus secures your web browsing, manages passwords and credit cards, and removes malware on demand.

System Mechanic Ultimate Defense is the total package to speed up, secure and simplify your digital life.

Product Line: All Products

System Mechanic Professional®. Protect and tune your computer – automatically. Combining 4 award-winning iolo PC tune-up and data security products, System Mechanic Professional is everything you need to keep your PC safe, fast, and error-free. [More »](#)

System Mechanic®. Boost your computer's speed, power, and stability with advanced PC tune-up. System Mechanic provides the essential optimization toolset to clean hard drive clutter, repair your registry, defragment drives and memory, and optimize system and internet settings. [More »](#)

Privacy Guardian™. Browse the web anonymously, thwart digital profiling of your online habits, keep web searches private and stop ad-trackers from following you around the internet. Protect your online privacy with Privacy Guardian. [More »](#)

Malware Killer™. Provides advanced, on-demand malware detection and removal of a variety of modern threats. Malware Killer safely and effectively removes invasive malware other AVs can miss. For the nuclear option once your computer has already become infected, turn to Malware Killer for help. [More »](#)

Product Line: All Products

ByePass™. Simple, secure automated password management for Windows®, Android and iOS. ByePass helps protect your online identity by safeguarding passwords against hackers and simplifying the password management process across all of your digital devices. With ByePass, you never have to remember or type passwords online again. ByePass also features credit card encryption to help secure your online purchases. [More »](#)

System Mechanic® Business. Revive the speed and stability of all the PCs in your office to keep everyone working efficiently. System Mechanic Business will help you eliminate wasteful activities, delay PC replacements, increase productivity, and reduce power costs. [More »](#)

System Shield® AntiVirus and AntiSpyware. Eradicate stubborn PC pests and block future infections with no system slowdown. System Shield provides certified protection while maintaining maximum PC performance, so you can shop, bank, and socialize online without the threat of spyware, viruses, and other threats. [More »](#)

Product Line: All Products

Search and Recover™. Recover lost data from your PC or digital device. Get back accidentally deleted documents, music, photos, email, videos, system files, and even entire folders. Search and Recover restores missing data from hard drives, CDs-DVDs, cameras, MP3 players, flash drives, and more. [More »](#)

DriveScrubber®. Secure your personal information when you sell, donate, or recycle your computer. DriveScrubber permanently erases your hard drive data, exceeding Department of Defense security standards and ensuring that your private files will never be recovered. [More »](#)
